

## State Will Not Help To Finance Fishing Pier

ENGINEER IN CHARGE  
OF EROSION CONTROL  
WRITES CAPT. LUCKEL

Replying to a letter from Capt. Frank Luckel, local assemblyman, Edwin C. Kelton of Sacramento, state Beach Erosion Control engineer, writes Sept. 23 that "with respect to your statement that one fishing pier be considered for San Diego county I could advise that I feel the policy of the State Park Commission would be adverse to such an operation especially if it were on other than State Park property."

Kelton's letter also stated that "the state is prohibited from building on property not owned by the state unless the property is held on a long term lease. The policy of the Division of Finance is to limit the development because of the possibility of the lease being terminated. As far as I can learn no fishing piers have been built by the Division of Beaches and Parks."

Assemblyman Luckel's idea was that the state might help in the proposed project of completing the fishing pier at the foot of Del Monte Ave.

## Newly Organized Garden Club Hear Experts Monday; Two Officers Named

By MARIAN KRETLER

With Mrs. B. H. Nielsen, president of the Ocean Beach Woman's club, acting as chairman until permanent officers were chosen, the club's newly organized garden department met Monday afternoon in the spacious patio of Mrs. Lyle Burkett at 1195 Santa Barbara St.

Mrs. Nielsen opened the session with a poem by Amy Lowell, "The Madonna of the Evening" and welcomed the many attending visitors.

Mrs. E. D. Buffaloe is the new chairman of the garden department, with Mrs. Dan Billman of the Ocean Beach Junior Woman's club as co-chairman. Dorothy Arthur is secretary and Mrs. R. C. Kimball, treasurer. The latter two were elected at this meeting. The officers were presented with corsages and immediately assumed their respective duties.

In order to provide fees for outstanding guest speakers bringing garden information, yearly dues were fixed at \$2.

Murray Williams of the Mont-alvo Gardens of Ocean Beach spoke on the erection and stocking of lath houses, while W. F. Sinjen also of Ocean Beach answered the many written queries concerning plantings and garden problems.

Although Mrs. Grace P. Berry paid \$128 for a cymbidium orchid, the investment is paying through blossoms sold for a dollar each, the group was informed.

## Plans Being Made For Big Halloween Celebration Here

The Community Halloween Parade committee is slated to meet again Tuesday evening at 8 o'clock at the Log Cabin, corner of Saratoga and Sunset Cliffs Blvd., Chairman Arnold Morse announces this week. Representatives of every local civic club and other organization are urged to be present by the chairman. Additional plans for making the Halloween event bigger and better this year than ever are to be considered Tuesday evening.

Two main features for the Halloween event, as announced at a brief committee meeting held Wednesday evening, are the parade and a big dance for the teen-agers to be held after the parade in the Ocean Beach Community Recreation center gym.

Principal C. R. Swenson of Dana Junior High who attended the Wednesday meeting, announced that the Dana band will again be available for the Halloween celebration. Director John Wood of the Recreation center, who also was present, said plans were going ahead for the dance. Carnival booths in the Center building also are being considered, the idea being for each local club and organization taking part to sponsor a booth.

Mrs. Minnie Kidwell of 4752 Voltaire Ave. was taken to Mercy hospital Tuesday, Sept. 23, due to a heart attack. Relatives report her condition to be improving. They expect her home within a week.

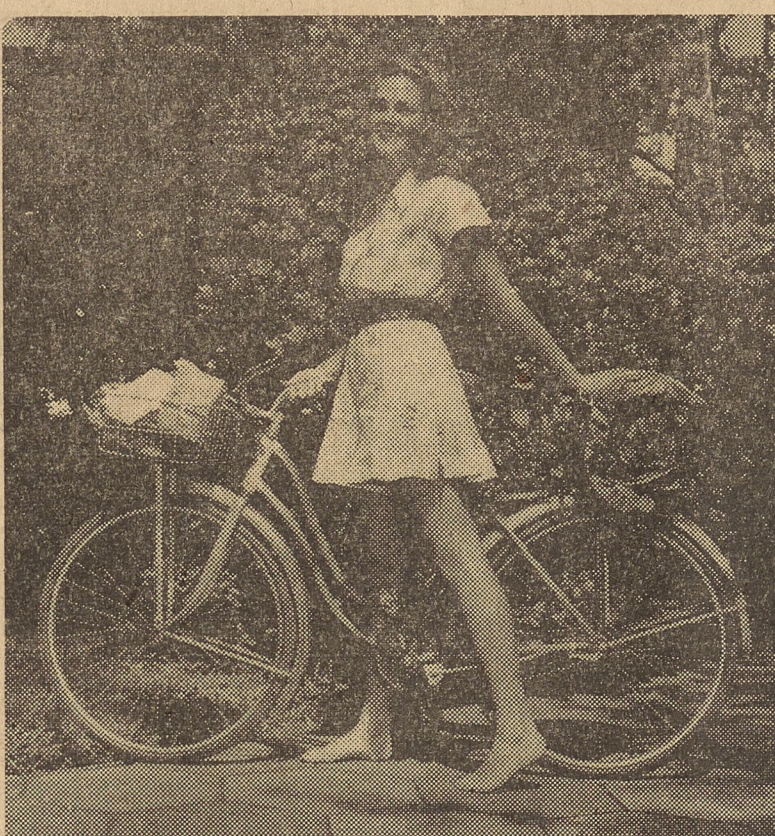

## J. Martins Relate Experiences On Car Tour Of 5 Weeks

Mr. and Mrs. James A. Martin of 2136 Froude St. returned this week from a five-week vacation trip east, covering 7025 miles in their new Chevrolet. Mr. Martin reports that the Veterans of Foreign Wars national convention at Cleveland, Ohio, was a fine confab with many satisfying results. As a delegate to the convention and adjutant of the local post, Mr. Martin will make a detailed report to the Bert A. Allen Post at their next regular meeting in the Woman's clubhouse on Oct. 10.

A brother and sister reunion after 19 years was shared when Mrs. Martin's brother, Lee Smith, also of Ocean Beach, visited a younger sister and family at Sandusky, Ohio. The three families

## Norma Jean Swims In The Storm Swept Atlantic Following Florida Hurricane

Norma Jean Belloff, daughter of Mr. and Mrs. F. H. Belloff of 2111 Mendocino Blvd., is still in Miami Beach, her latest stop on her bicycle trip which has taken her over 3,000 miles since she left Ocean Beach last January. Miss Belloff experienced the recent Florida hurricane, and in the letter printed below she tells of swimming in the rough waters of

the Atlantic following the storm: Miami Beach, Fla. September 18, 1947 (In the aftermath of the hurricane). Darling Mom: There is just as thrilling and absorbing a challenge in defeating a mental obstacle as there is in conquering a mountain range or desert. I knew it before this, (Continued on Page Two)

## Program Of Humor And Philosophy Of Life Given Here

Kiwanians and Kiwanian-Annes were regaled with a mixed program of comedy and philosophy of life at the Tuesday evening meeting of the club, held at Wallace hall. The occasion was "Ladies Night," and the attendance totaled about 75 men and women.

Milton Lancaster presided as "emcee" and after a session of heavy fines against Kiwanians for the club's welfare fund he introduced Past President Bill Stone of the Ocean Beach Lions club. Bill staged the program of humor, featuring the always funny hat-switching stunt with the help of five of the Kiwanians.

Serious part of the program was provided by Carrol Page Fisk of San Diego, philosopher-lecturer.

Key word to his talk, he said was the one word "Enough." Highlights of his lecture were:

The price of success is to want something enough. Best new slogan to adopt is (Continued on Page 4)

## "HI HO SILVERWARE" THE LOCAL LADIES CRY AS THEY SADDLE UP

Mr. and Mrs. William J. Dubois of the Pt. Loma Stables announced this week that they are organizing riding classes for the local housewives who have longed for a chance to learn to ride but were too scared to try. The dustpan brigade will begin their equestrian training soon, as several have already signed up and are urging their less daring neighbors to do the same. Classes will be held in the morning and in the afternoon, and those who want to bring their husbands along may arrange for evening classes. Mrs. Dubois will accompany the riders on the trail. Children's classes are also being organized.

## The Beachcomber

Seen: The Ocean Beach Lumber company looking sharp, after having its face lifted by Carl Oberg. The color scheme's still white, with large black letters. . . Several Ocean Beach Republicans at the Stassen banquet. . . Miss King of our own office flashing a flashy diamond. . . Louise and Paul Swenson enjoying a hearty meal at Desmonds.

Heard: That several localities are slightly dubious about Hank Voss's fish story. . . A sigh of relief now that the diagonal vs. parallel parking feud is at least settled and the diagonal parking stripes are once again painted on Newport.

Bouquet of the Week: To the Ann Cording Camp of the Royal Neighbors for their gallant gesture in helping the Damon Runyon Cancer Fund as a memorial to Mrs. Rippee.

## Pointers Defeat Hoover High 18-13 In Upset Victory

HEWITT PASSES CARDS  
DIZZY IN 2ND QUARTER,  
SATURDAY GRID GAME

Point Loma high school's football team, opening the regular season Saturday, was the sensation of the week-end high school games in San Diego by upsetting Hoover High 18 to 13, in the Balboa Stadium.

The Cardinals, expecting a rather easy win over the Pointers, had the shock of their young lives in the first half when Cliff Hewitt, the Pointers quarterback, filled the air with forward passes of the deadeye variety. By the end of the half Coach Don Giddings' lads had enough points to win the game.

Hoover opened the scoring with a 42-yard pass from Bill McCall to Bob Miller on the fourth play of the game. McCall added the extra point.

Stung by the sudden score, the Pointers came back with their forward pass attack. Hewitt passed 14 yards to Don Jones for the first Point Loma counter in the first quarter. Try by Gomez for the extra point was wide.

Switching to line plays early in the second quarter the Pointers used Yoto Takeshita to carry the ball. Yoto hit the Cards' line for good gains time after time, culminating in a 27-yard off right (Continued on Page Four)

## Local Telegraph Office Moves To Adjoining Room

The Western Union Telegraph Company's Ocean Beach office has moved from the Ocean Beach Transfer of 5040 Newport to the room adjoining at 5038 Newport, having exchanged places with the Excelsior Radio. The latter is now at 5040 Newport.

Manager R. J. Nicholson of Mailway, in whose office the telegraph office is now located, announced plans this week to expand the telegraph service. He is trying to get the telegraph company to route all messages to Ocean Beach business men and others through the local office in order to speed up the service. He also urges the local business men to take advantage of the faster service that can be obtained by sending their telegrams direct from the Ocean Beach office.

## M. PLUMMER OFFERS FLAG

Need a flag? A Boy Scout troop or similar organization in need of a United States flag has been offered a fine 3'x5' flag which Milt Plummer has available at Plummer Electric Radio Service, 4968 Voltaire. The flag is being donated. Don't push, please.

## High School Will Play Colton High Eleven Saturday

Coach Don Giddings Pointers will take on Colton, Calif. high school on Ross field Saturday afternoon, the football game to start at 2:30 o'clock.

Not too much is known here about Colton, but Coach Giddings stated Thursday that he understands that the Colton club is bigger than Hoover's Cardinals, so he expects a tough game.

Lose at Carnival The Pointers ran into a snag in their part of the annual San Diego high school football carnival held Friday night last week in Balboa Stadium. They lost the 15-minute game to La Jolla High 6 to 0. Randall Epps of La Jolla scored on a run around left, end after Bob Berman had passed 36 yards to Mel Mathews on the Pointers 6-yard stripe.

In the other two carnival games, San Diego High beat Hoover 6 to 0 and Sweetwater High won from Kearny High by the same score. The stadium was jam-packed with about 30,000 spectators for the carnival.

Drill Team a Feature Point Loma's drill team of 106 girls proved to be an outstanding feature of the pre-game and between-game entertainment. They were led by Marilyn Talefero, colonel of the majorettes.

Point Loma "pom-pom" girls were Betty Hodges, Wilma Sue Pence and Jean Miller, and Kenneth Oliver was captain of the Pointers cheer leaders. The Point Loma song leaders were Barbara Foran, Betty Timmons and Shirley Hill.

## C. Of C. To Hear Report On Proposed Dollar Day

## Legion Post And Auxiliary Have 12 At Big Convention

Ocean Beach American Legion and Auxiliary were well represented at the American Legion state convention held in Los Angeles Sept. 21 to Sept. 24. Members who attended were Mr. and Mrs. S. G. Fold, Mr. and Mrs. Gordon Rowe, Mr. and Mrs. Bob Loy, Mr. and Mrs. Roy Orrick, Ray Perine, Bert Rowe, James Conger and William Brittain.

Mrs. Fold reported some of the convention highlights and stated that the conclave began with memorial services on Sunday evening, followed by a display of fire works. The San Diego district took the championship for both the band and drum and bugle corps. Business sessions were held every day from 9 a.m. until 4 p.m. These were attended by all in the group. On Monday night the big parade took place. Tom Stouts, new district commander and S. G. Fold, vice district commander, headed the parade for this district, with William Brittain carrying the state colors. Mrs. Fold, past auxiliary president, also marched, representing the Ladies Auxiliary. The party returned to Ocean Beach last week Wednesday.

Of the Ocean Beach group attending the convention, Fold, Orrick and Brittain were the Clyde A. Wright post delegates and Mmes. Fold, Orrick and Rowe were the Auxiliary delegates. The others named were the alternates.

Full report of the convention by the delegates featured both the Post and the Auxiliary meetings, held here last night (Thursday) at the Woman's clubhouse.

## DAY AND NIGHT PLUMBERS OPENING WILL BE OCT. 10

The Day and Night Plumbers this week announced that they are making plans for the grand opening of their newly remodeled and redecorated store building at 3006 Barnett Ave. in Loma Portal. The opening date is Friday, Oct. 10, coinciding with the 40th anniversary of Day and Night.

Gus E. Matchinske, owner of the firm, reports that the occasion will be marked by the cutting of a large birthday cake, which will be divided among guests and customers of the store.

## ENTERTAINMENT ALSO PLANNED FOR LUNCHEON SESSION NOON, OCT. 6

Report of the special Retail Merchants committee on the proposed "Dollar Days" trade expansion project for Ocean Beach will be given at the October meeting of the Ocean Beach Chamber of Commerce. Again the session will be a luncheon affair and will be held at the Woman's clubhouse, starting the "eats" promptly at 12:15. "We want everybody there on the dot," Chairman Harry Masters announced Wednesday, "as we will start serving the meal at 12:15."

Harry is chairman of the House committee.

The Merchants committee met twice this week to lay plans for the "Dollar Days" project that has been proposed. Dave Weissman, the committee chairman, is expected to give the report. Two plans are to be presented by the committee, and a large attendance of local merchants is urged.

Purcell Webb, chairman of the "Signs and Transportation" committee, also is expected to report to the membership, especially on the plan to install signs at strategic places giving the traveling public information directing them to Ocean Beach.

Secretary Rolin Shaw will report on letters he has directed to the city officials on request for (Continued on Page 4)

## MEET YOUR OCEAN BEACH NEIGHBORS

Evans L. Stafford

(Studio of the Cliffs)

This week we'd like to have you meet Evans L. Stafford (known on Newport as "Staff") who is manager of the A and L Variety Store (formerly Gilbert's 5 and 10 Cent store). Staff's slow drawl reveals the fact that he is from the deep south. As a matter of fact, he was born in Houston, Miss., on Oct. 7, 1919.

He attended school in Blytheville, Ark., and was active in sports in Blytheville High school, being a football and track star.

After graduation, Staff went to work for the S. H. Kress store in Blytheville, and was shortly transferred to the Kress store in Pine Bluff, Ark. He worked in Pine Bluff until June 1941, when Uncle called and Staff found himself hup-twing on the drill

field at Camp Callan, right here in San Diego county. This army exposure to the fine points of southern California was to have a lasting effect on Staff, determining where he would make his post-war home.

After two years of service at Callan, Staff was accepted into Officers Candidate School at Camp Davis, N. C., and he received his commission in the anti-aircraft artillery after the usual 90-day period of intensive training. From then on until the war's end, Staff was stationed at several camps throughout the States as an instructor. In November, 1945, he was retired as a first lieutenant at Camp Maxey, Texas. Coming back to California, Staff accepted a job as manager of the Gilbert's store in Ontario. In September 1946, he was transferred to Ocean Beach as manager of the store here. When part of the chain was sold to the A and L Stores recently, Staff was retained as manager.

An enthusiastic Ocean Beach booster, Staff says that he'd "sure like to stay here from now on." He is a member of the Ocean Beach Lions club, and is at present hard at work on plans for the coming minstrel show being sponsored by the club.

Staff married Eula Mae Wray of Pine Bluff, Ark. in August, 1944. When he was stationed at Ft. Bliss, Texas, The Staffords live at 4934 Cape May Avenue, and have a 10-months-old daughter, Paula.

Staff's hobbies are hunting, fishing and swimming, although his duties at the store afford him "darn little" time to indulge in these pastimes.

along with several friends attended the National Air Races at Cleveland.

On Aug. 28, the Martins accompanied Mr. Martin's parents as guests of Governor Robert Blue at the Iowa State Fair at Des Moines. At Eagle Grove, they were feted with an outdoor picnic attended by 32 guests at the home of Mr. Martin's grandparents. Mr. Martin gave a short talk at the Rotary club explaining the disposition of bodies of service men to be returned from overseas. Also of interest was one of the seven wonders of the world, "The Grotto," at West Bend, Iowa, the Martins report.

In Kansas City, the Martins visited with Mrs. Martin's mother and other relatives.

"A truly new experience for 120 degree weather is to indulge in a 112 degree mineral bath at the famous Tingley Hospital in Hot Springs, New Mexico," reports Mrs. Martin of their visit in the southwest. Another sister of Mrs. Martin's also was visited at Hot Springs. Winding up their vacation both the Martins vow "there is no place like home in Ocean Beach."

but didn't see it in such a colorful light, or think of it in just so many words. It makes the human mental world as interesting and pleasurable as the nature world.

I haven't had a date since I've been in Miami Beach—over a month. I spend all my spare time reading and writing, except Sunday—my day off. After finishing my morning chores, I collect a few essentials and about 9:30 or 10:00 fly away on my bike. Several Sundays I've spent exploring. I eat a coconut (from one of the many trees) when I get hungry. Last Sunday I spent swimming, first in a pool, then in the rough, wind-whipped, post-hurricane surf. In the open air salt water pool I swam from side to side about fifteen times. I wasn't a bit tired, felt like I could have gone on indefinitely.

On the open beach the thrashing waves were almost like being home again. The surf here is usually so much calmer, other people wouldn't go in, but to me the surf at Ocean Beach is usually as rough as this even after the hurricane. The waves were high enough to duck under and be buoyed over. The wind whipped the foam like egg whites and blew it to me. I'd toss up handfuls and watch it sail or catch it in my arms and push it over my shoulders. It was like an ocean bubble bath. The usually clear water was churned with debris I had the long sea front to myself, except for two men who ventured out waist deep. Letting the water carry me, I felt united with the elements. They were full of life and so was I.

I swam the very night after the hurricane in a pitch black raging Atlantic.

Still Miami Beach,  
September 25, 1947

Dear Mom:

Please forgive me for not writing oftener. Here I've been thinking, "My Mom's different she doesn't worry."

-----God controls the sharks, as well as my life so trust us both to him Mom, please!

Papa was worried too! Heavens why am I so thoughtless, I really want to see his hair still black when I return.

The picture of "Home" is wonderful, just what I've wished for. "Home," gosh, what it does to me! I take flying leaps into the past with each glance at the picture. There I am dungareed, barefooted, rooting in the rich loam, running in the soft sand, gorging on the fruit. "Paradise," is a true name for that place!

This afternoon we (Mother S. and I) took in a Russian musical. The English translation was flashed at the bottom of the screen. How it fascinated me. It seemed as tho' the vibrant songs were all familiar. Of course they weren't, but they struck a chord that filled me with odd feelings. "That is my music!" When I sing without thought, that is the way my tunes sound! I rose and fell on the melodies and breathed with the Cossack dancers. In the story of the taxi driver whose magnificent tenor was discovered by a former opera star and brought to fame by him, I had a glimpse of Russia and wanted more. The people looked real. I missed the artificiality that often shows in our movies. The female lead was an almost overly filled out blond who was not disgraced to run flippity, flappity, naturally, for a bus.

If only there would come about a close friendly relationship between my country and theirs. I don't understand Russia as a nation at all.

(Note—Norma has sent lots of snapshots and promises to write of the hurricane. She wrote in detail of her routine caring for Mother S.)

## THAT'S WHAT!

By GINNY CLARK

Oh! What Fun!

You poor people who didn't find time to go to the Football Carnival last Friday! Oh My—what a display. I'll give you a short summary so you'll be sure and go next year. Well—All the drill teams and bands of the six schools who participated, marched out in a long line around the track and assembled on the football field. When everyone was in place all the bands combined together to play the National Anthem and the flag was raised. Then each school present on the field marched to their places in the grand stand and the game began. First two teams were: La Jolla from the East side in their black and scarlet uniforms vs. Point Loma (YEA!) for the West side in their new jerseys of brilliant maroon and gold. After fifteen minutes of strenuous football playing and La Jolla making "A" touchdown the gun went off with the East side six points ahead of the West! By this time Point Loma's "Lomanettes" had assembled at the south end of the field and were ready to perform. They looked beautiful—the Colonel, Marilyn Taliaferro, really knocked the audience's eyes out. She was attired in gold satin, trimmed in maroon. Following her were her majorettes dressed in maroon, trimmed with gold and led by Shirley Beck. Then strutting onto the green came the "Pom Pom" gals, also in maroon uniforms, and carrying their bright gold pom poms, led by Bev Crume. "Toots" Padgett's Drum Corps then started out, in their contrasting colors of maroon jackets and white slacks, with Mary Blake's Drill Team last but far from least bringing up the rear. After a splendid performance the girls marched off (also staggered)

## STATE COLLEGE NEWS

(By JOAN HOLLOBAUGH)

The Greek Theatre was the scene last Friday of the "Kangaroo Court", where the more unfortunate "lowly Frosh" were subjected to various and sundry humiliations. The "Frosh" sat in a special section reserved for them, while Phil Thornton and Louie Paloozie officiated. If any freshman broke a hazing rule, he was subject to the authority of the court, and called to the "stand" to be "tried and convicted." On one occasion, two "Frosh" were given buckets of water and were ordered to dip the water out of the buckets with sieves. When one of the victims "accidentally" tipped over the bucket and water was spilled all over the stairs leading to the stage, two other "Frosh" were forced to scrub the stairs with toothbrushes. Another group of freshmen had to push peanuts across the stage with their noses, the first to the finish line receiving a bag of peanuts as reward... (incidentally, he was a great old boy—had white hair. You can't get these "Frosh" down). Everyone got a bang out of the "Frosh" men who were blindfolded, handed lipsticks, and ordered to "make-up" the faces of several very unlucky "Frosh" gals. The high point of fun came when a group of freshmen, with trousers rolled to the knees, performed the "Can-Can." But it's all over now, and what a relief for the freshmen!

Big night of the week was the "Frosh" reception Saturday, a semi-formal affair, held at Mil-

sen Beach ballroom. There was a huge turnout at the dance. Les Brown's music added the finishing touch, and "Butch" Stone, the man who made famous, "A Good Man Is Hard To Find," did a couple of novelty numbers which had his audience turning cartwheels. Several Ocean Beach Aztecs seen bumping their way through the dance floor were Tommy Brogan and date, Marcia Drummet and Kenny O'Neal, Ethel Williams and date, Barbara Carr and date, Adele Hardie and Hank Johnson, Tommy Brogan and date, Hank Purdy and date, Sherman Boles and date, Dotty Shepherd and Jack Blackwell, Rich Albrecht and Joanne Sikes, Snooky Coats, Bob de Guevara and their dates, Beverly Lake and date, Martie Jacobsen and Jim Moran, Jay Timmons with Marjorie Castles, Bob Brazell with Consuelo Alden, Matt Hegerle and Millie Freakley, and many others we cannot name because it was too crowded to see them all. The girls really outdid themselves in dressing for the "Frosh" reception and each gown had its own individual personality. Martie Jacobsen looked chic in white crepe with a "U" neckline and cap sleeves, while gold trim set off the gown. Beverly Lake shone in pink nylon marquisette, with rhinestones sprinkled through the bodice, and rhinestone accessories completed the picture. Barbara Carr looked stunning in a gown of yellow brocade, with padded hips and a gathered skirt. It was strapless and was set off by a corsage of red roses. Cute Dotty Shepherd wore a gown of black taffeta trimmed in fuschia. The skirt was full and the gathered bodice featured fuschia buttons, while shoulder straps finished the dress. Adele Hardie was a picture, wearing ice blue satin which sported a fascinating neckline, cap sleeves and an interesting bustle effect. Marcia Drummet looked precious in black, the bodice being lace, coming to a point in the back, with an extension of the lace in a panel effect falling down the center of the flared chiffon skirt to the hemline. The gown was topped with tiny shoulder straps. Ethel Williams was an angel in pale blue net with an off-the-shoulder effect and a peplum sprinkled with sequins.

Rich Albrecht built a racing skimmer this summer, and named it "Firefly." While Rich wasn't sailing, he was working at Sikes and O'Brian on Rosecrans, and going to summer school at State. Rich had a busy week-end, cheering for Point Loma at the Carnival Friday night with Joanne Sikes, along with Dot Shepherd and Jack Blackwell, Joe Tody and Jane Price, and joining in the fun Saturday night at the Phi Lambda Xi party given at Stew Fox's home, and at the "Frosh" reception.

Beverly Lake worked at Walker's during the summer. Beverly is majoring in Commerce, with Merchandising, and is a sophomore. We hear Beverly also has plenty of talent in Speech Arts. Snooky Coats, who just arrived back in San Diego a few weeks ago, graduated from the Canal Zone Junior College and sailed from Panama to New York City where he spent the summer. Snooky, another Point Loma supporter at the Carnival, is a junior with a major in Accounting.

Ann Caraway spent some time in Riverside this summer, then travelled north to visit San Francisco and area. Ann's family is building in Harbison Canyon, so she can be found there quite often. Ann, a sophomore and an English major, attended a bang-up barbecue at Sweetwater last weekend, with former Aztec Bill Hoistad.

Jack Blackwell, a sophomore majoring in Business Administration, worked at the Recreation department of the Naval Air Station this summer, and spent his days off at the beach, but naturally.

Pat O'Brien is a freshman, and an Art major, with memories of a delightful summer on the beach. Pat was seen having a terrific time at the Newman club "Get-Together" last Tuesday night at the Knights of Columbus hall.

Bob Brazell went to the Tau Delta Chi party given out in Point Loma, before heading for the "Frosh" reception. Bob, majoring in Spanish, is a junior this year. He had an interesting summer job, working with the Starlight Opera, singing and dancing and acting as stage manager. Bob was right in there at a dinner given for the Star-Light group at Wedgeworth Bowl last weekend.

Mr. and Mrs. Fred Glover of 4925 Saratoga Ave. vacationed in Long Beach last week. They also made the trip to scenic Catalina.

Harvey "Mayor" Carrington, has returned to the home of his daughter, Mrs. C. B. Danielson of 4537 Santa Monica Ave., after 11 days in the hospital. He underwent a complete check up to determine treatment for his illness.

should have such highways from coast to coast as a post-war development.

Hershey town is a short distance from Harrisburg and one gets the aroma of chocolate long before he enters town. Mrs. M. and I were among the thousand visitors a day said to be the average during the vacation months.

A gentle rain was falling when we arrived at the "Peace Light" cabins at Gettysburg battle field. At dusk we had an unexpected thrill when millions of fire-flies fluttered over the graves of our brave dead, their light harmonizing beautifully with that of the "Pillar of Peace." 'Twould take the pen of the poet to describe the peace and tranquility of this lovely hallowed ground.

It so happened that at the time of our arrival in the Nation's capital the Townsendsites were holding their national convention. The 12,000 delegates and visitors had engaged all available rooms so we drove out on the Baltimore road and found accommodations in a tourist's home, about eight miles from the Capitol building.

Our genial representative, Charles K. Fletcher, gave us a warm welcome, extended the courtesies of his office and introduced us to Mrs. Fletcher and their daughter, Gail. Thereafter we had three busy days seeing the sights with the aid of special guides.

We arrived in Boston via Baltimore, Philadelphia, Trenton and Hartford just in time for the 4th of July holidays. Our friends, John Hayes and his wife Alice, who live in the Hyde Park district, kindly took us in. They had scoured the city vainly trying to secure rooms for us. John has been a postman for many years in Boston and surely knows his city. With his guidance we got to see much we would have missed had we been left to our own devices. At Plymouth we saw the famous "Rock" and were conducted through the Cordage plant. We saw our only big league game in Boston—Connie Mack's Phillies beat the Boston Reds.

Homeward we passed through Albany, N. Y. to Niagara Falls; thence south to Friendship, N. Y. to call on a niece whom I had not seen in 30 years; then into Pennsylvania to Highway 6 to South Bend. After a round of "good byes" we were off for Chicago and the west. We passed through Wisconsin, Minnesota, North Dakota, Montana, Idaho to Spokane, Wash. then south to Portland and Hillsboro, Ore., the last named our former home.

Here Mrs. M. did her annual canning and preserving of fruits and vegetables of which there is an abundance again this year. We are pleased and happy to say we suffered no serious motor trouble nor were we off our feed time during the trip—arrived home in the best of health. We are thankful for the ocean breezes for it was pretty hot in places. We appreciate our little home and Ocean Beach more than ever, since seeing how some of the "other half" must live.

Truly yours,  
James Miltenerberger.

Hewitt got busy with passes again after Substitute Sam Uydea recovered a Point Loma punt fumbled by the Hoover receiver on the Cards 40-yard line. The Pointer quarterback shot two passes to Don Jones, one for 12 yards and the other for 15, then hurled one to Left End Albert Taylor for 26 yards and the third and final touchdown. The try for extra point failed a third time. Coach Giddings lined up the Pointers as follows:

Albert Taylor, left end; Bill Helm, left tackle; Pete Simmons, left guard; David Hanna, center; Ray Keough, right guard; Frank Garner, right tackle; Don Jones, left end; Cliff Hewitt, quarterback; Dick Virissimo, left half; Dick Welk, right half and Yoto Takeshita, fullback.

Other Point Loma players used were Sam Uydea, Bob Mellison, Manuel Gomez, Bob Mahon, Walter Duffett and Perria.

The Pointers made good 10 forward passes out of 13 hurled during the first half of the game.

**Entertainment Promised**

Program Chairman Dick Hilmen reports that he expects to have a short entertainment feature for the October meeting, nature of which, however, he wanted kept a surprise.

This will be the second of the new series of holding the monthly membership meetings at noon, particularly to accommodate the members who find an evening meeting inconvenient. Good response was had to the new arrangement at the September meeting, and those present each promised to bring an additional member with them to the October luncheon session.

One-thirty is the deadline for ending the session, and Pres. F. F. Swan plans to again adjourn the meeting "on the dot."

Mrs. J. C. Young of 4405 Naragansett leaves today (Friday) for Texas and Hyde Park, N.Y. She will visit her mother for three weeks in Texas and then go on to New York for a visit with her daughter, Mrs. Elliott Roosevelt, for several weeks.

4940 Newport B-6331**Ocean Beach To Be Included In Religious Survey**

Under the direction of Dr. Harry Munro, of the International Council of Religious Education some 80 churches of this city are united in the Fellowship Evangelism program which includes a city-wide census that will attempt to contact some 125,000 homes on Sunday afternoon, Oct. 5. Ocean Beach will be included in this survey. Rev. Paul C. Biesemeyer of the Point Loma Methodist church reports that a door call will be made on every home in this community that day. The idea is to gather information regarding the religious affiliation of the people of this city.

The San Diego churches uniting in the program will not only undertake the city-wide survey, but three major projects will take place in each church participating. They include (1) a self-study of the effectiveness of the current parish program; (2) the development of fellowship cultivation techniques and fellowship visiting; (3) planning for the enlargement and increasing effectiveness of the program of the local church to meet the challenge of non-church members in this city.

"Think or Perish." It's the hardest thing we Americans have to do.

Get your plan of life written down in black and white. Without a goal you are bound to be haphazard in your efforts.

Master one new idea each week, and you'll be mentally alert.

Indifference and ignorance spell defeat in life.

Worry is the devil's first assistant. All worry ever does is to multiply misery. Hope and faith are the cure.

The "best" out to emotional instability, fear and worry is a firm belief in the power of God to order your life.

The best definition for fear he said was the following: "Fear is that emotional reaction on the entire personality resulting from the chemical or functional changes which take place in the body at the anticipation of danger, pain or embarrassment, real or imaginary."

She worked in the nose fuselage assembly department in the aircraft plant.

**HARDSHIPS IN JAPANESE PRISON THOUGHT TO HAVE HASTENED SMITH'S DEATH**

Master Sergeant Edward S. Smith of 2251 Soto died at his home Sept. 28, presumably as a result of hardships he suffered as a prisoner for 39 months of the Japanese during the war. He was 47 years old. Smith had been attached to Camp Mathews and, after 29 years service with the Marine Corps, would have been retired next year.

Sgt. Smith was on Corregidor when it was captured by the Japs. After being interned in the Philippines for more than a year he was transported to Japan. He returned to the United States in September 1945 after liberation. Born in Trenton, N. J., Smith joined the service when he was 18 years old and saw several years duty in China. Surviving him are his wife, Mary D. Smith; a son, Robert A. Smith; a daughter, Honora Smith, all of San Diego; and a sister, Mrs. James Jeavons of Trenton.

Final rites were held Thursday at Bradley-Woolman mortuary in San Diego, preceded by Requiem High Mass at St. Joseph's cathedral.

**Cub Scouts Hold Pow-Wow Friday**

Each den brought their own Indian teepee, made at the den meetings, and trophy prizes were awarded to the dens for their teepees. A meeting was held around a large council fire and each den gave either an Indian skit or a war dance.

Awards were made as follows: new cubs—Merle C. Brady and David Hoffas, receiving Bobcat books and cards. Robert Young received a Wolf badge and year star. Philip Calvert received a silver arrow. Ronald Grobecker, gold and silver arrows; Lowell Smith, silver arrow.

## Mr. and Mrs. J. P. Laurent Celebrate Silver Anniversary

A silver wedding anniversary was celebrated by Mr. and Mrs. J. P. Laurent of 2069 Sunset Cliffs Blvd. last week. The celebration began with a buffet dinner held on Friday evening. One of the features of the Friday night party was the showing of three pictures of the Laurents—one on their wedding day, a present day photograph, and one imaginary picture of what they will look like when they have been married 50 years and will celebrate their golden wedding. Guests dropped in and out all evening and games were played and refreshments served.

The celebration again continued on Sunday when the Laurents held "Open House" and entertained over 35 guests. They received many lovely gifts and were especially proud of the set of silverware sent to them by their son, Sgt. Joseph G. Laurent, who is stationed in Fort Knox, Kentucky.

The Ocean Beach P. T. A. joins in the membership drive which Governor Earl E. Warren of California has proclaimed to be held the week of October 5 to 12 as "Parent Teachers Enrollment" week. Mrs. R. E. Johnson will act as chairman.

The P. T. Consequently the goal this year is, "Every parent a member." Two evening programs have been planned this year, so the fathers might have an opportunity to take some active part in the P. T. A., she says. The number of men enrolled in the state is 142,683, an increase of 58,274 over the year of 1945-46.

Mrs. Johnson's announcement continues:

"Meetings are held the second Tuesday of each month. Nursery service will be available at all meetings. You have a special invitation to the first meeting October 14, 7 p.m. in the school auditorium, when a panel of Ocean Beach citizens discuss "Johnny Goes to School."

D. Marks, the program chairman. She also announces that Chester H. Rice, a parent of a Dana student, will present amateur magic acts.

Mrs. Charles E. Hunter, president, returned in September from her vacation trip and immediately proceeded to confer with her various chairmen in regard to the active year ahead of the unit. Mrs. A. N. Entringer, chairman of finance, assisted by her committee has prepared the budget for the year. The executive board held its first fall meeting yesterday (Thursday).

All programs for the nine meetings will be centered around the theme "New Frontiers", which topic was introduced at the state convention in Long Beach in May.

## ECONOMY SOMEDAY—MAYBE

In spite of all of the talk about substantially reducing the overgrown bureaucracy in Washington little progress has been made toward that end. And it is becoming apparent that it will take something more than the half-hearted efforts made thus far to do it.

Bureaucrats know all the tricks about keeping their staffs at a maximum whether needed or not. For instance, when Congress refused to grant an increase to the Customs division the head of that department immediately laid off a large number of customs inspectors even though there wasn't the slightest justification for doing so. He was subsequently removed for this act, but was given another post in Washington.

But Washington isn't the only place where bureaucrats know all the tricks. We needn't look any farther than Sacramento. Not long ago when a simplified plan for collecting highway carrier taxes was proposed the Board of Equalization turned its guns on it and the plan was defeated in the Legislature. The plan would have reduced the number of Board employees by substituting another tax for the cumbersome and costly-to-collect gross receipts tax now collected by the Board. The State would have received just as much in revenue and the taxpayers would have been saved half a million dollars annually in reduced payroll expenses.

But whether it's Washington or Sacramento or some other place, bureaucrats will act like bureaucrats until citizens force them to serve the public interest first.

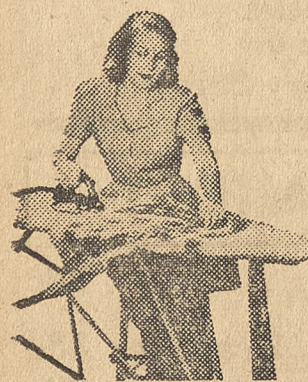

## TRAFFIC TIPS AND HOT SPOTS

(By San Diego Police Dept.)

It's so easy to take a chance just once. It's so easy when you're behind the steering wheel to tell yourself it's okay this one time to fudge on the safety rules or cheat the traffic laws just a little bit. After all, you're in a hurry and the odds are you won't have an accident this time. You can talk yourself into such a decision in just about the time it takes to slide past a stop sign—just about the time it takes to dash onto a grade crossing with a train approaching—just about the time it takes to start around another car with a hill just ahead—just about the time it takes to speed on through an intersection when another car shows signs of trying to take your right-of-way. Yes, it's easy to make a sudden decision to do the unsafe thing this one time. It's a matter of seconds. But, says the San Diego Police department, that is time enough for an accident to happen! And accidents do have a way of happening that one time when you're sure they won't.

### O. B. Navy Chief Aboard Destroyer Off Trouble Spot

Louis M. Horvath C.M.M. of 4769 Narragansett Ave., is serving aboard the destroyer U.S.S. Putnam, at present moored near the heart of the city of Trieste where large riots took place Sept. 15 and 16, upon the signing of the Italian Peace treaty by the Big Four in Paris.

The Putnam first entered the free port of Trieste on Sept. 2 and remained there until Sept. 13. Then the destroyer departed for the city of Pola, which was turned over to Yugoslavia the night of Sept. 16. The Putnam, together with the British cruiser H.M.S. Mauritius, escorted the evacuation ship Pola which carried British, American and Venetian Gullian troops to Trieste.

Captain McFarlane has ordered the Putnam and another ship of the Squadron, the USS Keith, to stand by to assist American troops now in the Free Territory of Trieste as necessary for protection of U.S. civilians in case of further disturbances such as occurred on "Evacuation Day" when three civilians were killed and over 70 injured.

Chief Horvath, husband of Mrs. Mildred Horvath of 4769 Narragansett, has been attached to the Putnam for 11 months. The Putnam left the United States in July for Mediterranean duty.

Since arriving in the Mediterranean, Chief Horvath, has visited La Maddalona, Sardinia, Toulon, France, Naples, Italy, Pola, Yugoslavia and Trieste. The Putnam's next port of call is expected to be Alexandrette, Turkey.

### Baptists Choose Rev. W. L. Bolton To Be Regular Pastor

After months of being without a regular pastor, the local Baptist church has obtained the services of Rev. W. L. Bolton, who has been serving as temporary pastor to fill that post. He succeeds Rev. P. O. Jensen.

Lieut.-Col. Bolton entered the Army during the first World War and was with the United States Cavalry for a number of years. While in the service he made his decision to enter the ministry. He served churches in New Mexico, Kansas City, El Paso, and San Antonio and holds the A.B. and Th. B. degrees from the Baptist Educational Institutions. He also is a graduate of the Army Staff School. Chaplain Bolton first saw action with the First and Third Armies in Europe.

His new pastoral term with the Ocean Beach Baptist church began October 1.

**Schedule for Sunday**  
The church announces the following program for next week: Sunday at 9:45 a.m. Bible school, at 11 a.m., morning worship 6:15 p.m. Training Unions, 7:32 p.m. evening worship. Friday, October 3 at 8 p.m. the Christian Home Makers class will meet at the church and on Wednesday, October 8th at 7 p.m. there will be mid-week prayer meeting.

Bonnie Jean Peltcher of 2651 Jonquil Dr. returned home Sunday, Sept. 28, from the Mercy Hospital where she underwent a thyroidectomy operation. Reports are that she is feeling much better.

### "Loma Lines"

FROM THE LOMA PORTAL  
SCHOOL

This year starts with a much larger school family at Loma Portal. Four hundred happy, expectant youngsters registered this past week, an increase of 40 over last September. Our faculty group too has grown, we are glad to announce, to a total of eleven teachers. It is with satisfaction that we start the year ready and equipped to handle this increased enrollment.

### Point Loma High Has Varied Drill In P. E. Department

While "King Football" is the major interest in the field of athletics just now there are many and varied activities in the Physical Education department that should not be overlooked, a member of the faculty stated to The News this week.

**Drill Teams Practice**  
Since August members of the "Pom-pom" and drill teams have been practicing routines for the opening of football season. Much credit goes to the following student leaders: Beverly Crume, captain of "Pom-pom" Girls; Marilyn Taliaferro, Colonel of Lomanettes; Shirley Beck and Gayelle Chapell captains of the Majorettes; Leola Padgett, captain of drum corps and Mary Blake, captain of the drill team. These groups will appear at all home games and in various parades. Miss Caroline Crosby is faculty sponsor.

**Club Holds Try-outs**  
Modern Dance club held try-outs Monday. According to Miss Anne Hills, faculty sponsor and instructor, it is hoped that more work will be done in choreography this year. Also, she stated, more work must be done in dance techniques. The dance group meets on Monday afternoons and will give performances in the community as well as on school programs.

**Archery Also Taught**  
Another interesting club in the Girls' Physical Education is the coeducational Archery club which meets on Wednesdays.

All participants are taught to shoot and tournaments are held among club members. Miss Hills suggests that if proper progression is made they will hope to have competition with the outside schools.

The funeral service was held Monday, Sept. 29, at the Beardsley Funeral home, with Father Phillip Harris officiating.

She is survived by a daughter, Mrs. Jack Wright of La Mesa, formerly of Ocean Beach, a brother Walter G. Gray of San Diego and a sister Alice Thompson of New York.
